NEWS RELEASE

NR# 19-25

Possible Missing Kayaker from Lake Jesup

Seminole Co. (November 15, 2019)-Seminole County Sheriff's deputies are investigating the discovery of an empty kayak found floating on Lake Jesup Friday morning.

Just after 7:30 a.m., a fisherman discovered the kayak floating in the water near Lake Jesup Park located on the northwest side of the lake. The witness also spotted an oar floating in the water nearby. Upon inspection of the kayak, detectives have reason to suspect it had been occupied at some point. Detectives have been canvassing area residences, parks, and boat ramps for more clues.

In addition, they are asking anyone who may know of someone who expressed an intention to go kayaking or fishing, and has not been heard from since Friday morning or earlier in the week to call them.

Anyone with information is asked to contact Detective Wilkerson at (407)665-6537.

A photo of the same brand of kayak is attached.
